PUBLISHERS' NOTE.

In putting forth this directory of Elkhart, the fact is fully realized that the book is in a measure imperfect. The changing of residences in the city, the moving of some from the place, as well as others taking up their abode within its limits; all these constant movements make it impossible for a directory of this city, as any other, to be absolutely correct in its directing ability.

The proof sheets of the Illustrated Directory of Elkhart have been carefully studied by those well acquainted in the city, and but few errors discovered. Some new arrivals and a few residents who have changed their abode since the compiling was begun will be found in the list of Additions and Removals. Aside from the City Directory proper, there have been inserted sketches, valuable for their historical contents; in some instances these sketches are illustrated. This feature of the work may not at the very present be especially valuable, yet as time wears on, bringing about so many changes, these sketches, illustrations and portraits, will make out to be articles of a very interesting nature. Therefore, combining the two parts, the illustrated and directory, one will be serviceable at first, for a short time in directing the public, and by the time this feature has become useless, time will have rendered the illustrations peculiarly attractive and interesting.

April 20, 1895.

P. S.—Owing to constant changes of residences among the citizens, an extra sheet will be issued later, probably by Sept. 1, 1895, giving all the latest changes in the city's population. By inserting this list in the published volume, the subscribers will have practically a new directory for 1895-6.

The price of this *addenda* will be 50 cents.

Apollo Orchestra—C. E. Kirkwood, manager and leader.

RAILWAY MEN'S SOCIETIES.

Brotherhood of Locomotive Firemen, Prospect Lodge, No. 162—M. W. Marker; secretary, J. C. Doty. Meetings held at Blackburn hall every Sunday at 2 p. m.

Brotherhood of Locomotive Engineers, John Hill Division No. 248—Meetings held every Sunday at 3 p. m., over Indiana National Bank.

Order of Railway Conductors, Elkhart Division, No. 19—Chief Conductor, Wm. Anderson; secretary and treasurer, J. T. Wishart. Meetings held in old Masonic Hall 2nd and 4th Sundays at 2 p. m.

Brotherhood of Railroad Trainmen, A. G. Amsden Lodge, No. 23.—Master, C. W. Sackett; secretary, Frank Sizer. Meetings held in old Masonic hall, 1st Thursdays at 2 p. m., and last Sunday of each month at 2 p. m.

Ladies' Order of Railway Conductors, Andrews Division No. 4.—Prs., Mrs. Mary Hussey; secretary and treasurer, Mrs. Cora Smith. Meetings held 2nd and 4th Friday afternoons at Odd Fellows hall.

C. I. A. (auxillary to B. of L. E.)—President, Mrs. J. R. Vallance; secretary, Mrs. Dibble. Meetings over Indiana National Bank, 1st and 3rd Thursdays. Ladies' Auxiliaries to the Brotherhoods of Trainmen and Firemen are also active.

OTHER ORGANIZATIONS.

Ozark Club—President, Harry W. Lyons; secretary, Lauer Frink. Meetings Sunday afternoons over European restaurant.

Century Club—President, O. D. Thompson; vice presidents, S. Maxon, F. K. Fernald, H. F. Smith. Regular meetings, 1st and 3rd Monday evenings. Rooms, 115 S. Main, 2nd floor.

Elkhart High School Literary Society—President, Charlotte Bearup; secretary, Maude Wollpert. Meetings every other Monday evening in high school assembly room.

STREETS, AVENUES AND COURTS.

"A" from Elkhart Ave. n w to Baldwin.

Adams s from Bristol to Baldwin.

Addison from Goshen Ave., n e.

Alabama from East Boulevard w to city limits.

Alfred from East Jackson s to Superior and beyond.

Arcade from South Boulevard and Riverside Park n to Strong Ave.

Aspenwald from Prairie e to Elkhart river.

Aurora 1.w of Prairie from limits, n.

"B" from Elkhart Ave. n w to Baldwin.

Baldwin from intersection of Cassopolis and C. W. & M. R. R. n e to Bristol.

Bank from East Jackson s to Superior and beyond.

Beach from Elkhart Ave. n w to St. Joseph river.

Beardsley Ave. from Cassopolis w to limits.

Belmont from South Indiana n to Baldwin.

Bender e from Michigan street.

Benham from South Indiana s to limits.

Blaine Ave. from Oakdale Ave. e to Sixth.

Bower from St. Joseph river w to limits.

Bressau from Ward w to Aldine.

Bridge Ave. from South Boulevard e to Franklin.

Bristol runs east and west along north boundary of city.

"C" from Elkhart Ave. n w to Baldwin.

Calumet from Bristol s to Baldwin.

Canton from Baldwin n and from Emerald n.

Canary from South Main n e to L. S. & M. S. Ry, 1 s of intersection of Main and Prairie.

Cassopolis from Bristol s to Beardsley Ave.

Cedar from Front w nearly to limits.

Cemetery from Middlebury n to North street.

Center from Cemetery e to Goshen Ave. and beyond.

Charles from Madison e to Tip-ton.

Cherry from Edwardsburg Ave. s e across Willowdale Ave.

Clark from East Jackson n w.

Cleveland Ave. from Oakdale Ave. e to Sixth and from Benham e to Prairie.

Columban Ave. from Oakdale Ave. e to Sixth.

Compton Ave. from Garfield Ave. s.

Congress from Lake Shore tracks e to Studebaker Park.

Cone from Baldwin s.

Corona from East Jackson s e to East High.

Cottage Ave. from East Boulevard w to West Boulevard.

Cottage Grove Ave. from Prentiss Ave. w.

Crawford from Cassopolis w to Edwardsburg Ave.

Crescent from East Jackson s to Superior and beyond.

"D" Street from Elkhark Ave. n w to Baldwin.

Dale from Eden n e to South Main.

Dayton Ave. from South Indiana Ave. s to Lake Shore tracks.

Dearborn Ave. from Baldwin s e to Elkhart Ave.

Dinehart Ave. from Prairie street w.

Dotsen from Bristol s.

East from State n w to Elkhart river.

East Boulevard from Riverside Park n to River Ave.

East Grand Ave. from South Indiana Ave. n to Middlebury.

Eden from Prairie s e to South Indiana Ave.

Edwardsburg Ave. from Bristol s e across Beardsley Ave. to St. Joseph river.

Eighth from Franklin s e to Mason and from Wagner Ave. s to Lusher Ave.

Eleventh from Mason s e to Lake Shore tracks and from South Indiana Ave. to Lusher.

Elkhart Ave. from Elkhart river at intersection with Franklin street n e and n across St. Joseph river, thence n e and n to Bristol.

Ellis from Michigan street e to Edwardsburg Ave.

Elm from South Indiana Ave. s.

Emerald from Cassopolis e to Calumet.

Erwin from Johnson n e to "D" street.

Evans from East Grand Ave. e to Belmont and beyond.

Excelsior from Elkhart Ave. n w to St. Joseph river.

Fifth from Harrison n w to Pigeon, thence n to Jefferson, and s from South Indiana Ave. to Garfield Ave.

Foundry from Eighth e to Sixth.

Fourth from Lake Shore yards n w to Pigeon.

Franklin from South Indiana n e to Elkhart river.

Fremont from Harrison s to Mason w of Oakland.

Front from Bower n e along St. Joseph river to Beardsley Ave.

Fulton from Pleasant e to intersection of Jefferson and an alley. Then "jogs" and runs e to Front.

Funk from Division n w to Hug.

Garden from Emerald n.

Garfield Ave. from Oakland Ave. e to Prairie.
Garland from Johnson w.
Gladstone Ave. from South Indiana Ave. s to Evans.
Glendale Ave. from East Jackson s to Goshen Ave.
Globe first n of East Jackson from Elkhart Ave. e.
Gordon Ave. from Beardsley Ave. n.
Goshen Ave. from East Jackson s e to city limits.
Grace from Middlebury s to Elkhart river.
Grand Ave. from Cottage Ave. n w and n to River Ave.
Grant from Johnson n e to "D" street.
Gross from Eden n e to South Main.
Grove from Beardsley Ave. n.
Harrison from Franklin e to Oakdale Ave.; thence n e to Main.
Hart from Elkhart Ave. n e.
Hester from St. Joseph river s w second n of Franklin.
Hickory from South Main s w to Sixth and beyond.
High from Elkhart river s w to St. Joseph river.
High, East from East Jackson s w.
Highland Ave. from Suwanee n to Strong Ave.
Howard from Johnson s e to Elkhart Ave.
Howland from East Jackson s e.
Horrad Ave. a street running e and w, located e of Prairie near southern limits.
Hubbard Ave. from Oakdale Ave. e to Sixth.
Hug first n of Division from Funk e.
Indiana Ave. (see South Indiana Ave.)
Jackson from intersection with Vistula n e to Main, thence n e to limits and called East Jackson.
James from intersection with Kenwood Ave. s e to Rice and beyond.
Jauriet Court 1 e of Main from Division n.
Jay from Penn n e and e to Oakland Ave.
Jefferson from Elkhart river s w to Third and beyond; then n w to St. Joseph river and across river.
John from Leonard s e to Jay.
Johnson from Bristol s to St. Joseph river at intersection with Elkhart Ave.
Johnson Ave (see Front).
Kenwood Ave from East Jackson s to Superior and beyond.
Kenyon Ave. from East Jackson s to Superior.
Kinzie from Eden s to South Indiana Ave.
Kilbourne from Pleasant e to an alley, then "jogs" and runs e to Front.
Krau from Thomas w.
LaFayette from Oakland Ave. n w.
Laurel from Front w to Oak.
Lawn Ave. from East Boulevard w "jogs" to West Boulevard.
Leitch from Franklin n w to Hester and beyond.
Leonard from Penn n e to Oakland Ave.
Liberty from Laurel n to Ellis.
Lincoln from St. Joseph river s e to Third.
Locust Ave. from Bristol s to Simonton.
Lusher Ave. from Oakdale Ave. e to Sixth and also from Oakdale Ave. e to Prairie.
Madison from Charles n to L. S. & M. S. tracks, thence n. w. to Division and beyond.
Magnolia Ave. from Bristol s to C. W. & M. R. R.
Main—North Main from Jackson to Beardsley and thence n to Bristol. South Main from Jackson s. e. across L. S. & M. S. tracks to limits.
Maple Row from Front w to Ward.
Marion from Oakdale n e to Main.
Mason from Thomas e and from Oakland Ave n e to Eighth.
May from Eden n e to South Main.
McDonald from Richmond e to Belmont and beyond.
McPherson from Johnson n e to "D" street.
Michigan s from Bristol to Edwardsburg and from Mishawaka road s to St. Joseph river.

Michigan Ave. from South Indiana Ave. s to Prentiss Ave.

Middlebury from South Main at Lake Shore crosssing e to limits.

Milwaukee Ave. from Johnson Ave. W.

Monroe from William n to L. S. & M. S. tracks, thence n w to Division and beyond.

Mulberry (west) from Sixth s of L. S. & M. S. tracks w, and from Prairie w.

Murry from Elkhart Ave. n w to St. Joseph river.

Myrtle from Strong Ave. n to Beardsley Ave.

Ninth from Franklin Ave. s e to La Fayette; and from Wagner Ave. s to Lusher Ave.

North from Cemetery e to Goshen Ave.

Oak from Bower n to Laurel.

Oakland Ave. from Franklin s to city limits.

Olive from Bristol s.

Orange from Cassopolis e to Garden and from Johnson e to Baldwin.

Outerson from Benham e to Prairie.

Owens from Elkhart Ave. n w. Pacific from East Jackson n w to river.

Park Court first e South Sixth from Indiana Ave. s.

Paper from Elkhart Ave. n to St. Joseph river.

Pearl from Oakland Ave. n e.

Penn from Oakland Ave. w to L. S. & M. S. tracks.

Pigeon from Elkhart river s w across St. Joseph river, thence w to city limits.

Pine from Cherry s e to Willowdale Ave.

Pleasant from Strong Ave. n to Laurel.

Plum from Strong Ave. n to Mishawaka road.

Poplar from Edwardsburg n e to Pine.

Prairie Ave. a street running n and s, east of Prairie street near Southern boundary line.

Prairie street from south boundary line of city n to L. S. & M. S. tracks and beyond.

Pratt from Main n e to East street.

Prentiss Ave. from Thomas s w.

Princeton from South Indiana Ave. n to Middlebury and beyond.

Prospect from Bower n to Ellis and beyond.

Race from Elkhart Ave. n e to river 1 n of East Jackson.

Rawlings from Baldwin s e to Elkhart Ave.

Rice from Goshen Ave. n e.

Richmond from McDonald n to L. S. & M. S. tracks.

River Ave. (West Pigeon) continuation of Pigeon from St. Joseph w to city limits.

Rockford from St. Joseph river w.

Sanford (South Second) from Hickory s e.

San Pedro 1 w of Pigeon br'ge, from West Pigeon s to river.

Second from Tyler Ave. n w to St. Joseph river.

Seventh from Wagner Ave s to Lusher Ave.

Sherman from St. Joseph river s w to Third.

Simonton e from Michigan then s e and e to Cassopolis street.

Sixth from High s e to Lake Shore tracks and from Hickory s to Lusher Ave.

Socorro Ave. 1 w of San Pedro from Pigeon s to river.

South Boulevard from e Boulevard w to West Boulevard.

South Indiana Ave. from Elkhart river w to city limits.

South Second (see Sanford).

State from Main n e to Elkhart river.

St. Joseph from South Main s w.

Star from South Main e to C. C. C. & St. L. R. R.

Strong Ave. from Front w to Arcade, thence s w to limits.

Summit from South Third n e to South Main.

Superior from Goshen Ave. e.

Suwanee from East Boulevard w to limits.

Sycamore from St. Joseph river s w to Third, thence n w to St. Joseph river.

Taylor from Princeton e to Belmont and beyond.

Tenth from Marion s e to Lake Shore tracks, thence from Wagner Ave. s to Lusher Ave.

Third from L. S. & M. S. tracks n w to Sycamore.

Thomas from Franklin s to South Indiana Ave.

Tipton from South Indiana Ave. n to Middlebury and beyond.

Twelfth from LaFayette s e to L. S. & M. S. tracks.

Tyler Ave. from s Main w to Second.

Union from Franklin n w.

Van Buren from Bristol s to Baldwin.

Vine from River Ave. n to Beardsley Ave.

Virginia Ave. from Prairie e.

Vistula from Franklin n e to Jackson.

Wabash Ave. from South Indiana Ave. s to Prentiss Ave.

Wagner Ave. from Tenth s of L. S. & M. S. tracks e to Sixth, and from Prairie w.

Walnut from Bower n to Cedar.

Ward from River Ave. n Mishawaka road.

Washington from St. Joseph river s e to Third, thence n e to Elkhart river.

Water from St. Joseph river s w to Second and beyond.

West runs s e from L. S. & M. S. tracks to Hickory and beyond.

West Boulevard from South Boulevard n w to limits.

West Jackson from Vistula w to Fifth.

Willard ("Rough and Ready") from Middlebury s to South Main.

William from Monroe e to Elkhart river.

Willowdale Ave. from Bristol s to Simonton, thence s w to Edwardsburg Ave.

Wolf Ave. from Oakland Ave. e to Sixth.

Wood from Glendale e.

THE CITY OF ELKHART.

To give anything like a complete historical article on the development of Elkhart would require space many times the size of a volume such as this, and to undertake it would be practically impossible in this work, whose principle feature is merely one of a directive nature rather than an extended and complete write-up *historique*. The apology offered for inserting it, is not that it fills a long felt want in any manner whatever; for the facts have been related heretofore in various articles and publications, and in this respect have already become familiarized, but owing to its concise and limited review of the several industries, professions and business of the place, with their particular data given, make it a story, giving more completeness to the publication, and perhaps by the way of presenting facts, impart to the subscriber some information worthy memorization and a better (historically speaking) idea of Elkhart in its earlier days.

The city, in size, comprises about eight and three-quarters square miles and is located upon what was once a prairie forest. It is scarcely 65 years ago since the city's present site was the property of the Pottawatomies, chiefly, and other Indian tribes—the Ottawas, Chippewas and Winnebagoes. Up to 1827 nature held full sway in these regions for miles around; the only indications of human beings were those of the children of the forest who built their camp fires by the trail side and fished along the streams. Here in the then thick forests they held their councils, congregating at the summons of their chieftain; here their war cries resounded to the echoes, long since died away, and now is left nothing of the redmen of 70 years ago, save the fading recollections of the oldest pioneers and the vague imaginations of later generations. Occasionally a bone is turned up by the plow or an ancient mound, built by the "big Injuns" in commemoration of their triumphs in war or as a receptacle for the bodies of their fallen braves, is discovered. Slowly and steadily the noble forests, which sheltered these bow and arrow war-braves, are succumbing to the demands of modern times, and when these are gone, the last contemporaneous living organisms of the comparatively peaceful Pottawatomies will have been removed.

The original postoffice was called Pulaski, but the city was finally

christened in 1832, by Dr. Beardsley, Elkhart, on account of the island at the confluence of the rivers, resembling so much in form an elk's heart.

Samuel Bibbins explored this section of the country about 1800. But two white men, French traders, were found here then, they being called temporarily for barter with the Indians.

Not until 1826 did the fact of its importance as a site for a town recommend itself to the few early settlers. Lewis Davis saw the many advantages of the district, but for some unexplained reason he did not seize the opportunity presented. In 1827 the first known settlement by white men was made on the site of the present city. The settlers were Jesse Rush and Andrew Noffsinger, being located on that portion now known as Johnson's addition. Dr. Havilah Beardsley was the first person to acquire the land in the vicinity of the meeting of the rivers for the building of a city in 1831. This gentleman came from Ohio and purchased of Pierre Moran, or Peerish, a Pottawatomie chief, a section of land. It appears that the sly Indian had previously transferred to Richard Godfrey, of Michigan, lands agreeing in description with those to Dr. Beardsley. The dispute as to the ownership of the tract was carried to the courts, but inasmuch as the tribunals could scarcely ever settle the conflicting interests and opinions, the course of compromise was followed and by bestowing upon Mr. Godfrey a valuable section of land just east of the Elkhart river, Dr. Beardsley succeeded in getting possession of the disputed lands. As long as the ownership of land occupied by the village was in dispute, purchasers were backward in investing money in the property. As soon as a compromise was effected, however, the star of Elkhart's prosperity began rapidly to ascend, until in 1875 the village cast off its village attire, donned the garb of a municipality and rushed onward to commercial greatness within a few years.

Some of the first incidents of the early history of the city were:

The first settlers on the city's present site were, as has been stated, Jesse Rush and Andrew Noffsinger.

The first house constructed on the town plat was by Horace Root, for himself, located on the northwest corner of Main and Jackson streets.

Samuel P. Beebe opened the first mercantile establishment in the village proper, located near the present site of the Hotel Bucklen.

The nucleus of the original settlement comprised Stephen Downing, who kept the first hotel, Elijah Beardsley, Dr. H. Beardsley, Brodrick & Davenport, J. S. & A. Defrees and Geo. Crawford, the latter being the surveyor of the original town site for Dr. Beardsley. John Newell, Presley Thompson and August Newton succeeded Downing in the hotel business.

The first manufactory or saw mill was built by John Huntsman.

The first postmaster was Geo. Crawford, who had charge of the Pulaski office from 1829-37.

The first court was held in the house of Geo. Crawford and Chester Sage in Pulaski by Judges Peter Diddy and Wm. Latta.

The first grist mill was erected by Huntman & Crawford in 1829 near the junction of Christiana creek and St. Joseph river.

The first physician was Dr. H. Beardsley, who established the practice of medicine as early as 1830; but the first doctor devoting particular attention to the profession was Dr. Kenyon, in 1834.

A temperance society was formed as early as 1830 by Thomas Morrison. In 1842 a citizen of Chicago came hither to establish the first saloon. Others in sufficient numbers to supply the demand have followed in the path of the gentleman from the "windy" locality, so that now there fully is one saloon to a church congregation, and in all there are 25 of them.

F. W. Brodrick taught the first school in the old cabin on the banks of the Elkhart river in 1836.

The first Sabbath school was inaugurated by Mrs. Beebe.

The first sewing machine was introduced into the village by Mrs. Louisa Defrees about the year 1851. This "old cog-wheel Singer" was the pride of the settlement in that early day.

The first piano was brought to Elkhart in 1850. It was No. 167 of the DuBois & Stoddart make.

The first instance of drowning is given as occurring in June, 1874.

In growing from a village into a city, the earlier years of the place were extremely slow. In 1860 there were only 1623 inhabitants. In 1865, 2,000 and in 1870, 3,265. The period from 1865 to '70 seems to be the one marking the commencement of the city's rapid growth. The Lake Shore & Michigan Southern railroad, (then known as the Michigan Southern & Northern Indiana), was put through Elkhart in 1851. The road established its division engine works and repair shops here in 1870. The T-rail and carpenter shops, two round houses, freight houses and offices, passenger depot, etc., form a railroad town giving employment to fully 1,000 men. The establishing of this plant was the beginning of the growth which has produced the present city of nearly 15,000 souls.

In 1870 the hydraulics were constructed. Seldom have the waters of rivers been diverted from their natural courses with more beneficial results than those attendant on the canals of the city. The aggregate horse-power provided by this system is 5,000.

The banks of Elkhart are closely connected with the town from its earliest history. The First National Bank was organized Feb. 20, 1864, with a capital of \$100,000. The St. Joseph Valley Bank, established Feb. 25, 1872, subscribed capital was originally \$50,000. The Elkhart bank was organized in 1874.

Elkhart was first lighted by gas in 1871. The city was first lighted by electricity in the fall of 1881. This company was formed by Hon. C. G.

Conn and Mr. Dodge, and was called the Elkhart Electric Light and Power Company. Only the arc system was used.

The press of Elkhart is ably represented by two daily publications, each having also a weekly issue to supply those living outside the city.

The oldest sheet is the Elkhart Weekly Review, established in 1850 by C. H. Chase. John S. Weller had preceded Mr. Chase as projector of the paper, but he finally retired from the paper. In 1865 Mr. B. Mattingly became part proprietor for a year, when Geo. S. Chase, brother of the founder, became part owner. A. P. Kent succeeded G. S. Chase in 1871 and at present these two gentlemen, Messrs. C. H. Chase & Kent, conduct the sheet. In 1872 the Evening Review was projected. The paper in politics is republican.

Truth is a paper established in 1889 by Hon. C. G. Conn. A daily and weekly edition are printed. Mr. Conn is and has been its sole proprietor. In politics it is democratic.

Both papers are newsy and well edited and Elkhart can congratulate herself on having two newspapers provided with the ability and skill as have Truth and The Review.

Other papers that have launched forth and finally went to the bottom are: The Elkhart Democrat, Democratic Union established in 1866, The Elkhart Observer passed into the hands of the Elkhart Review in 1876, The Elkhart County Journal and The Sentinel.

Elkhart's fire department was organized in 1863. A hand fire engine was used at first and for a short time, it being returned to Indianapolis after given a trial. The department was then disbanded and Elkhart was for a long time without fire protection. As in the history of all towns and cities, Elkhart had a large fire and no means of defending itself at a fire save a few pails and a pail gang. Then the subject of fire protection came up, and finally a Silsby steamer, a hose cart and one thousand feet of hose were procured. At first the steamer was drawn to fires by forty members of the company, but later a fire team was purchased, and later a second team was added. Then arose a squabble; the town board refused to purchase fuel for the steamer and suggested that the company forage material in cases of fire. The company made demands for fuel and being refused by the board, the fire company resolved to disband. About three months after a fire broke out, resulting in bringing the "town dads" to their senses. In 1875 Elkhart became a city, and then the department was organized on a substantial basis which has served to keep the municipality well protected. There are now three companies, a full paid force of seven men with four teams and thirty-six call men, under the supervision of Chief M. C. Dotson, who fight the fiery element in the interest of the city.

The Elkhart Water Company was organized in 1884 with a capital of \$100,000, composed mostly of outside stock holders. The company was

organized after the city had voted on the question three different times and each time was defeated.

The reservoir system is used; for domestic use a pressure of 40 pounds is maintained. Maximum pressure of 150 pounds to the inch in cases of fire can be attained. Capacity of the works is 8,000,000 gallons every 24 hours. To supply the city with water four compound, duplex-acting pumps of the Smith-Vail pattern are used.

Sixteen miles of mains, ranging in diameter from 4 inches to 24, distribute the water to every portion of the corporation. One hundred and fifty-six fire hydrants are now connected with the plant. Two wells 40 feet deep reaching an inexhaustable supply of water in a gravel bed furnish the plant with water. The plant is located on South Main beyond Beardsley Ave. Officers and directors are, President H. E. Bucklen; Vice-President John Cook; Secretary and Treasurer, Jas. H. State; C. H. Morse, C. A. Thorpe.

Elkhart was first lighted with gas August 1, 1871, this being the date of the Elkhart Gas Light & Coke Company's first manufacture of this article. The company was capitalized for \$50,000. The Springer Process Coal Gas Retort system was used. A later system, in fact, the latest, is now being introduced by this company, the process consisting of making gas from soft coal by means of the water gas process.

Fourteen miles of gas mains have been laid. The plant, located at the foot of High street (east) has a manufacturing capacity of 500,000 cubic feet every 24 hours. The cost per 1,000 feet is \$1.20 to \$1.90 for illuminating and \$1.20 for fuel purposes. The company is officered by C. D. Roys, president; Norman Sage, treasurer; Geo. T. Murdock, Superintendent.

At the present era of "sound honest money," as the gold standard people call it, the observer can amusingly scan back to the period of the 80's, the time when material wealth was having a growth like mushrooms, when unconsciously the times were preparing the dish of inflated currency which resulted in the crash that came in '93. In this period, when everything "went," Elkhart decided to have a street car line. In February, 1886, The Citizens' Railway Company, of Elkhart, was incorporated with a capital of \$50,000. This was a horse car line equipped with seven cars.

In 1889-90 electric equipment was put in costing \$30,000 and the name of the company was changed to The Elkhart Electric & Railway Company after the interests of that company had been consolidated with the Electric Light Company. This continued until 1892. Business began to be light. Expense of maintenance was large and the company's property was passed into the hands of a receiver. At the receiver's sale, Feb. 8, 1894, C. W. Fish, receiver, the road was bought by Messrs. Lumbert & Conn. The road later passed into the hands of the Indiana Electric Railway Company. The equipment has been improved, i. e.,

that portion in the city, by larger rails and wires. The plan of the Indiana Company is to build an electric line to Goshen. The project is well under way and it is understood that the line will be in running order in a comparatively short time.

Elkhart was first lighted by electricity in 1881 by the Electric Light & Power Co. This plant changed hands several times. In 1891 the Home Electric Light & Power Company was organized. The plant consisted of both the arc and incandescent systems and was located near the Lake Shore tracks between Main and Willard streets.

A new power house on the race north side of the St. Joseph river was recently erected after the consolidation of the Home Company with the plant belonging to the railway company previously alluded to. There are two circuits of incandescent lights—3,000 in all; 80 arc street lamps with a 2,000 candle power, together with 90 arc commercials. The plant is run by power from the St. Joseph river and 700 H. P. is attainable. Six 39-inch McCormick turbine wheels propel a shaft 98 feet long to which is connected the various dynamos. The company is under contract to furnish power for the Indiana Electric Railway Company mentioned above as running from Goshen to Elkhart. A duplicate steam plant of 700 H. P. capacity has been put in to avoid accident to water power, such as freezing of water, thus destroying the power, an experience entertained by the company in the winter of '94-'95.

Elkhart, like most other towns, has its one citizen who has done considerable in the advancement of the place. Mr. H. E. Bucklen, of Chicago, was formerly a resident of Elkhart. He owns considerable property here at present, and is interested in any move tending to the good of the town. Bucklen's opera house, the Hotel Bucklen and the Elkhart & Western Railroad are conspicuous features of the place and are Mr. Bucklen's property.

Other features of the city are: The hydraulics, produced by the waters of the St. Joseph and Elkhart rivers, furnishing a large power for running of factories. The railroads—the Lake Shore, reaching here in 1851, the Cincinnati, Wabash & Michigan, extended through the city in 1882, and the Elkhart & Western. Manufactories, producing paper, flour, carriages, gum, starch, knitted goods, harnesses, bicycles, Conn's band instrument factory and Dr. Miles Medical Co.

Elkhart as a city is one typical of those found in northern Indiana and southern Michigan. Nature has done considerable and the citizens have been fully up to the times. Paved streets, well-shaded avenues, green lawns, residences, both of the laborer, business man and others, are of unusually substantial and pleasing appearance. Its distinctive feature is its being a "railroad town." Another is the musical and literary learning the people have. Religiously speaking there is a diversity. Twenty-six different congregations assemble each sabbath. Without trying to be facetious it might be remarked in this summary that

the Divine power has ordained that pretty girls and women should abide in Elkhart. And it is so. The question therefore is pertinent—where is there a place on earth or anywhere else to be compared with the thriving city of Elkhart? There may be larger cities; more wealth may be found elsewhere, but as a happy combination the citizens of this place make up a populace for an ideal town. In grandeur and glory, peace and prosperity, even in these hard times, do we find Elkhart, Indiana, in the year of our Lord, one thousand eight hundred ninety-five.

ELKHART PUBLIC SCHOOLS.

The history of Klkhart's public schools seems to begin away back in 1838, that being the date of the erection of the first school house, a one room, frame building, located on the east side of Second street between Jackson and Washington. In 1844 this structure was burned; temporarily, until 1848, a three story building, corner of Main and Jefferson streets, known as "Tammany Hall," and later as the "Bee Hive," was used for school purposes. Another one story frame building, in the meantime, was erected on the site of the original school house. In 1851 a four room frame structure was put up on the site of the present central building, Second street, corner of High. This building was also destroyed by conflagration, occurring in 1867. This led to the erection of the present four story central building, at a cost of \$45,000. The rapid growth of the city five years later created a demand for more room. Accordingly a four room two story brick building was built in the fourth ward, costing \$10,000. A similar structure was erected in the fifth ward a year later.

In 1875, John Weston deeded to the city eight lots in Northwest Elkhart, with the provision that a particular kind of school building be erected thereon within a year. Consequently a building (the Weston) was constructed at a cost of \$5,000 in 1878. In Northeast Elkhart a similar building was put up, known as the Beardsley. In 1875 lots were purchased and a building was built in East Elkhart, but for want of room it was necessary to produce another, which was a two story brick, erected in 1883, costing \$5,500. In the same year the Christian church on Middlebury street was bought for \$1,400 and a school opened. With all this building equipment there was a demand for more room and better accommodation, especially for the high school. This resulted in the erection in 1884 of an eight room high school building on High street adjoining the central building on the west; and then the fourth story in the now old building, which included the high school room, was abandoned. This cost of erecting and furnishing was \$25,000. In 1886-87 two rooms were added to the fourth ward building and two to the fifth ward. Two rooms in East Elkhart were turned into school rooms and the Middlebury street house remodeled, all this costing \$12,000.

Later improvements have been made in all the buildings, as regards lighting, ventilation and heating.

School apparatus such as maps, globes, chemical and physical apparatus, books for the library and a telescope purchased from Prof. H. L. Smith, of Hobart college, were added.

In 1891 a \$5,000 two room building was erected at the corner of Cleveland and South Seventh streets.

The increased attendance in the high school made demand for the latest edifice, the high school building, which was erected, corner Pigeon and Vistula streets, and completed in January, 1893, at a cost of \$36,000. This is a two story structure, consisting of a high school room, with a seating capacity of 200, and four commodious recitation rooms, occupying the second floor. On the ground floor are four grammar school rooms, the superintendent's office and a library room containing over 35,000 volumes, selected with reference to the needs of high schools and grammar grades. This edifice is pictured elsewhere in this volume. The present superintendent is D. W. Thomas, M. A., who has had charge of the schools since 1886. Fifty-four instructors have charge of the several grades.

The high school has an alumni association, formed of classes since 1873 to 1894, aggregating a membership of 225. Its enrollment has increased from 875 in 1870-71 to 3,520 in 1893-94. The course of study consists of twelve years and three departments, viz: The primary department, first four years; the grammar department, the second four years, and the high school department, the last four.

The branches taught in the primary and grammar grades are the usual courses given and prepare the pupil for work in the high school. In the high school there are the Latin, English, Scientific, Mathematical and Literary courses. Pupils graduated from the high school, are admitted to all colleges and educational institutions in the state upon presentation of diploma, without further examination.

The Churches of Elkhart.

FIRST, OR EMANUEL'S, CHURCH OF THE EVANGELICAL ASSOCIATION.

The origin of this society dates from about 1860. Rev. E. L. Kiplinger preached in private houses to a few families of German people. He was followed by Revs. R. Riegel, J. M. Gomer and G. A. Hartel, who supplied this point while serving what was known as South Bend circuit.

In 1865 this point received more attention, and Rev. G. A. Hartel, who then was preacher in charge, succeeded in securing a lot and a small chapel.

Here the small society worshipped for a couple of years and then Elkhart was taken up as a mission and Rev. Joseph Fisher was appointed to the charge. His labors were very successful, and the society undertook the erection of the large brick church on Division street, which is still occupied by them.

When first erected the edifice was one of the best and largest in the city, and is still a massive and well preserved structure, which will answer the purpose for which it was built for many years to come.

The church was finished and dedicated in 1868 and cost about \$10,000.

Rev. Joseph Fisher was followed by Rev. J. Fox and he in turn succeeded by Rev. G. A. Hartel. Under the rules of the church the pastorate is limited to three years, which of course accounts for the frequent changes of pastors as recorded in the history of the society.

From the first organization of the society it was in part composed of English speaking members, and the annual conference decided to form a new mission for their benefit. This was done during the pastorate of Rev. J. Fox, and what is known as "Watch Tower," or second charge of the evangelical association, was formed as an English society. The formation of an English society proved a success, and the work has grown until it is now a strong and prosperous society.

Rev. G. H. Hartel died while he was pastor of the first charge, and was followed by W. G. Brackly as pastor. The records of the society show that the following pastors were in charge of this work: Revs. J. Hoffman, C. C. Baumgartner, M. W. Steffey, C. F. Hansing, G. Roederer, M. W. Steffey a second term, J. Hoffman, second term, S. Heininger, and

the present pastor, J. H. Evans. During the pastorate of S. Heininger the society passed through very trying times, and a large part of the society severed their connection with the church to follow their pastor, who first organized an independent society and afterwards united with another denomination, into which his adherents followed him.

While the secession certainly injured the society to some extent, yet the prospects are good, and the church is recovering from the effects of the deplorable division. A flourishing Sunday school is maintained, a Young People's Alliance is doing good work, and in general the society is actively engaged in building up and promoting the cause of religion in every way. First church of the Evangelical association still lives and will continue to live.

FIRST EVANGELICAL AND WATCH TOWER EVANGELICAL CHURCHES.

The First Evangelical church on Division street and the Watch Tower Evangelical church on Hickory street were formerly one congregation, and worshiped in the First Evangelical church in the German language. In September, 1872, the Indiana conference of the evangelical association appointed Rev. Wm. Wildermuth to organize an evangelical society of the evangelical association in Elkhart. The first meeting was called by the new pastor for Sept. 26, 1872, at the home of Mr. F. Kines, at which meeting the organization of the society was effected with 58 charter members. At this same meeting it was determined to erect a church building, and in consequence the following committee was appointed to choose a suitable location: Rev. Wm. Wildermuth, Rev. Jas. Fisher, J. M. Barber, S. P. Neimand and F. Kines. The society continued to worship in the First Evangelical church with Sunday school at 1:30 p. m. and preaching at 3 p. m., and prayer meeting Wednesday evening, until the church was built. The church was built in the summer of 1873 at a total cost (lot, fixtures, furnace, etc.,) of \$5,381.12.

The church has been twice struck by lightning. First on August 24, 1878, the steeple was burned and other damage to the extent of \$600; second, July 23, 1892, and damaged about \$60.

We have a flourishing Young People's Alliance in two departments--senior and junior, numbering in all 150 members. The church membership is about 300:

The following pastors have had charge: Rev. Wm. Wildermuth, one year; Rev. H. E. Overmire, one year; Rev. Jos. Fisher, two years; Rev. C. C. Beyrer, one year; Rev. A. Geist, two years; Rev. J. Wales, three years; Rev. A. O. Raber, three years; Rev. D. Martz, three years; Rev. S. B. Keing, two years; Rev. W. H. Brightmire, two years; Rev. M. L. Scheidler, three years.

The church was a mission until about five years ago, when it became self supporting.

ST. JOHN'S EPISCOPAL CHURCH.

St. John's Episcopal church was organized as a mission about thirty years ago. Services were held for the few members of this communion from time to time by the Rt. Rev. Joseph C. Talbot, Bishop of Indiana. The work grew with the growth of the city and in 1866 the Rev. Mr. Brass was sent as resident clergyman. A large congregation was soon gathered and a mission was organized. For several years the congregation held their services in what was then known as Conley's hall. The present name of this place is McNaughton's hall. A parish was formed and plans made to build a church. This was accomplished in the rectorship of the Rev. Mr. Bishop in 1872. This building is still standing on the corner of Third and Pigeon streets. A neat and commodious rectory was built on the church lot in 1888. The congregation has outgrown the limits of the present church edifice and plans are now being actively pushed to erect a handsome stone building the present summer. A committee of earnest laymen have the matter in charge at the present writing, and hope to break ground early in May.

The rectors of the parish have been Rev. Mr. Brass, Rev. F. M. Gregg, Rev. M. V. Averill, Rev. Richard Totten, Rev. A. E. Bishop, Rev. G. A. Carstensen, Rev. E. J. VanDerlin, Rev. M. C. Stanley, Rev. G. E. Purucker, Rev. E. J. VanDerlin, Rev. Augustine Prentiss, Rev. S. F. Myers, Rev. F. W. Adams, Rev. S. E. Prentiss, and Rev. J. F. Milbank. The present rector is Rev. Wm. Galpin, who took charge of the parish April 1, 1894.

THE FIRST PRESBYTERIAN CHURCH.

This society was organized with ten members, May 1, 1840, in the house of Judge S. P. Beebee, corner Main and Jackson streets, by a committee of the Presbytery of St. Joseph. The first minister was Rev. Norman Kellogg. During a period of 30 years the church was served by various ministers as stated supplies for a longer or shorter time. The first pastor installed over the church was Rev. Wm. Essick, who came in May, 1870.

Not until 1846 did the congregation erect a church. It was a small frame structure, (the first church erected in the city) located at the corner of High and Second streets. This was also used by other denominations as a place of worship. This building served for the purposes intended until 1871-72, when the present brick edifice was constructed. This building, however, is but the rear section or lecture room of a main edifice designed to front on High street. When this part shall have been completed the congregation will own one of the most commodious and grand places of worship in the state. The present membership is 350.

A Sabbath school of the church numbers 150. Since 1873 the church has been served by Rev. S. M. Crissman, S. E. Barr, Edward Barr, J. G. Lowrie, and its present pastor, Rev. H. B. Townsend.

CHURCH OF ST. VINCENT DE PAUL.

May 17, 1867, Rev. A. B. Oechtering, of Mishawaka, pastor of St. Joseph Catholic church of that place, assumed charge of Elkhart mission, holding services in Conley's hall irregularly until March 8, 1868, when a permanent organization was effected under the title of St. Vincent De-Paul. A new church was immediately commenced on the lot purchased by the Rt. Rev. J. H. Lewis, then the Bishop of the diocese of Ft. Wayne, Ind. The corner stone was laid July 12, 1868, by the Bishop, assisted by Rev. B. A. Oechtering, pastor, and Rev. D. Denhuing. It was dedicated Oct. 25, 1870. Up to Nov. 27, 1869 Rev. A. B. Oechtering was in charge, after which Rev. J. Oechtering assumed control until Nov. 1870, when he was succeeded by Rev. A. B. Oechtering, who filled the pulpit until Nov. 1871. Rev. J. H. Quinlan, the first resident pastor, then came and stayed until Oct. 1875, he being succeeded by Rev. M. F. Noll, he assuming control until May, 1880. Then came Rev. William Kroege, May 12, 1890. Under his pastorate the present church was erected, ground for which was broken March 2, 1887 and the corner stone laid May 2, following, by Rt. Rev. Joseph Dwenger, D. D., of Ft. Wayne. Its length is 125 feet, in width it is 50 feet and from the ground to the top of the spire, 143 feet. Seating capacity is 1,000. Rev. Kroege left in 1891, and was succeeded by Rev. Henry A. Boeckelmann, who is the present pastor.

THE FIRST BAPTIST CHURCH

Of Elkhart was organized in 1860 by Rev. Alford, and since then has been presided over by Revs. W. W. Smith, Clark, Reed, Bristol, Neighbor, Vradenburg, G. A. Chittenden and the present incumbent, Rev. S. C. Fulmer. In the summer of 1888 the society expended \$3,000 in the enlargement of its church, its membership having outgrown its capacity. The edifice is located on one of the most desirable sites in the city and in appearance and capacity is one of the first in Elkhart. A Young People's Society of Christian Endeavor together with a Sunday school exists in a flourishing condition.

METHODIST.

The Methodist Episcopal church of Elkhart was organized, according to the best information on hand, by the Rev. Nehemiah Griffith in the year 1832. The ministers who served the church while it was part of Elkhart circuit and since, while a station, are the following, the majority of whom have taken their transfer from the church militant to the church triumphant. The years of their appointment are given:

Nehemiah Griffith, 1832; S. Ball, 1836; C. M. Miller, 1841; W. Griffith, 1842; E. Holstock, 1843; Z. Gains and B. Winans, 1844; O. V. Lemon, 1845; J. H. Bruce, 1846; Jas. Farenworth, 1847; H. B. Ball, 1849; E. Holstock, 1852; Isaac Ayers, 1853; E. S. Preston, I. Hill, 1855; W. S. Birch, A. Marien, 1857; J. H. Hutchison, 1858; Jas. Johnson and F. T. Simpson, 1860; Thos. Com-

stock, 1862; J. R. Oden and C. Hoover, 1863; V. M. Beemer and F. T. Simpson, 1864; H. J. Lacey, 1866; E. Hall, 1868; C. P. Wright, resigned, 1870; E. Holstock, 1870; S. H. Rhodes, 1871; A. E. Mahen, 1874; F. T. Simpson, 1877; M. H. Mendenhall, 1880; R. D. Robinson, 1881; E. H. Hasty, 1882; C. E. Disbrough, 1885; D. W. Parr, 1888; J. H. Jackson, 1893. The last named is yet serving the church as its pastor at this date, 1895.

The following are the names of ministers who served the church from the year 1832 to the present time, 1895, as Presiding Elders:

Rev. Armstrong, 1832; Rev. R. Hargrave, 1834; Rev. Brenton, 1836; Rev. Stallard, 1838; Rev. A. A. Wood, 1840; Rev. C. M. Holiday, 1844; Rev. John Daniels, 1846; Rev. J. L. Smith, 1850; Rev. H. B. Beers, 1852; Rev. Jacob Colclazor, 1853, Rev. L. W. Munson, 1857; Rev. W. S. Birch, 1861; Rev. Thos Stabler, 1865; Rev. H. J. Meck, 1869; Rev. O. V. Lemon, 1873; Rev. A. Gunman, 1877; Rev. M. H. Mendenhall, 1881; Rev. F. T. Simpson, 1885; Rev. D. C. Woolpert, 1892; C. G. Hudson, 1894. The last named is the present elder, 1895.

When the church was organized 53 years ago the class or society was very small and without a church building to hold their stated meetings. The faithful pioneers met in private houses and halls as circumstances permitted until the year 1853. While Isaac Ayers was pastor and Jacob Colclazor was elder, a subscription was set in motion for an M. E. church building, and with the aid of friends the building was partially finished in the year 1857, where meetings were regularly held, and the few faithful ones thanked God that for the first time in the history of the church they could worship God under their own vine and fig tree. The growth of the church has been steadily moving forward until in the year 1889 when the old church building had become too small for the growing church. Accordingly the present church building was erected upon the site of the old at a cost of \$28,000, and has now a membership of 750, 22 class leaders, 9 stewards and 9 trustees.

The first Methodist Sabbath school was organized December 11, 1853, in the Morehouse block in the hall known as Blue's hall, with a membership of 71 including officers and teachers. The following were elected officers of the school: A. Neal, superintendent; Mrs. Devon, assistant superintendent; S. Stone, secretary; B. F. Stephens, librarian; Miss Henriett Goodspeed, treasurer. Managers: Mrs. Devon, John Bickell, Samuel Stone, Mary Huderbran, J. P. Werts, Rev. Isaac Ayers, pastor.

The school has been ever since an ever green school, and has steadily grown in interest and number until it now has a membership of 500 scholars, 61 officers and teachers and has what is called a home class numbering 170, making a total of 731 members with an orchestra of 10 members. The church as it is now organized, with its Sabbath school, its several classes, its Epworth League, junior and senior departments, prayer meeting and missionary societies, etc., is evidently in a prosperous condition.

Rev. J. H. Jackson, pastor; C. G. Hudson, D. D., presiding elder; Mrs. D. W. Thomas, superintendent Sunday school.

The above compiled by B. H. Stephens, March 4, 1895.

GERMAN EVANGELICAL LUTHERAN TRINITY CHURCH.

The first German Lutheran congregation in Elkhart was organized in 1871. Within a short period it was served by three different pastors. This congregation—"Emanuel Church"—had only a short existance. In 1873 a new congregation, with a new name—Evangelical Lutheran Trinity Church—and a new constitution, was organized by the Rev. J. G. Hild, then of Mishawaka, Ind. There were only eight members at the beginning, who signed the adopted constitution. Nevertheless a small frame church was erected at a cost of \$1,050, and a pastor, the Rev. P. Diemer, was called, who arrived in August, 1874, and filled this field until 1877. The next pastor was the Rev. M. Halboth. After three years' service he removed to Hillsdale, Mich. For almost two years Rev. H. Sieck, then of South Bend, Ind., now president of an English Lutheran college at Winfield, Kansas, ministered to Trinity church. During the latter part of 1882 the congregation succeeded in securing the services of Rev. W. L. Fischer. During his pastorate it was decided to move the church to a more centrally located place, corner of State and East streets. Another important step was taken by joining the "Evangelical Lutheran Synod of Missouri, Ohio and other states," the largest Lutheran body in America. The next year, however, Rev. Fischer accepted a call to Napoleon, Ohio. Before his departure Rev. J. Heinze was ordained and installed as the new pastor of the church. Rev. Heinze has been a faithful pastor of the church for a period of seven years. During his pastorate the old church proved too small and in the spring of 1889 all the members were willing to build a new brick church. The cornerstone to the new edifice was laid April 14, 1889, and in the same year, Aug. 25, the new house of worship was dedicated. The total cost of the church was almost \$6,000. During the winter months of 1895 the interior was beautifully decorated by two experts in frescoing, the Messrs. Geo. and H. Petersen. In July, 1890, Rev. J. Heinze resigned on account of failing health and preached his farewell sermon on the first Sunday in August. After a vacancy of about two months, Rev. E. Theo. Claus, of Milbank, S. Dak., received a call from Trinity church. He accepted the call and was installed Nov. 23, 1890, by Rev. Fr. Thieme, of South Bend, Ind. Rev. Claus has been serving the congregation up to the present date without interruption.

The church is in a flourishing condition, numbering about 200 communicant members and almost 400 souls. Every year has brought some new members. The church property is all paid and is free from all incumberances, the last mortgage having been released in April, 1893.

The members of Evangelical Lutheran Trinity church have also pro-

vided for the religious education of their children by establishing a parochial school, which is at the present time attended by more than 50 scholars. Since August, 1894, this school has been taught by Mr. F. C. Stoll.

Church, corner State and East streets. Pastor's residence, 150 State.

WILLOWDALE M. E. CHURCH.

This chapel, situated in the Willowdale addition, corner Magnolia Avenue and Bender street, was built in 1888, under Rev. S. Powell's administration. Although within the city, it is not a station charge, but connected with the Elkhart circuit M. E. church. On the adjoining lot is located the circuit parsonage.

The following have been pastors of this charge since 1888: S. Powell, W. M. Stranahan, J. F. Snyder (supply), J. I. Farley, F. M. Beard, Wm. Lash (supply), W. D. Smith.

Much material improvement has been made on the chapel within the past year. The present minister, Rev. W. D. Smith, is closing a very successful two years' pastorate.

FIRST METHODIST PROTESTANT CHURCH.

LOCATED AT 121 DIVISION STREET.

This society was organized as an independent society on the 12th of February, 1893, with 74 members. The following were elected as trustees: J. K. Bass, P. Rittel, C. Zeisel, Sr., L. Zuber and F. Sohm. The first Sunday school was held on the 19th of February, 1893, with 73 present. L. Zuber was the first superintendent. The society at once proceeded to secure property and take the preliminary steps to build a house of worship, which was successfully completed and the church dedicated on the 17th of September, 1893. On the 11th of September, 1894, this society united with the Indiana conference of the Methodist Protestant church. The society now numbers 85 members, and sustains one good Sunday school, which averages about 100 members every Sunday, two prayermeetings, a young people's society which is well attended, and an active ladies' society, also teachers' meeting, and preaching twice on Sunday.

The following are the officers of the society: S. Heininger, pastor, residence east end of Middlebury street; J. K. Bass, P. Rittel, C. Zeisel, Sr., L. Zuber and F. Sohm, trustees; C. Zeisel and L. Zuber, class leaders; S. Kornmann, president of the young people's society; L. H. Heininger, Sunday school superintendent. The society owns property valued at almost \$10,000. Seats are always free.

YOUNG MEN'S CHRISTIAN ASSOCIATION.

The organization began its life in Elkhart at a meeting called for that purpose, which met in the Presbyterian church, February 3, 1882. At a subsequent meeting the officers for the first year were elected.

They were: President, W. H. Mann; vice president, P. W. Dorn; secretary, W. B. Loomis, and treasurer, A. W. Davis. The association secured rooms in a basement on Main street and opened a free reading room. The general secretary at this time was Wm. Thurston, who served two years. In 1884 the association moved its quarters to the upstairs over the old Fair store; at this time T. C. Day was secretary.

During all this time the railroad men had a branch and their secretary was Z. T. Esmond. In 1885 the city merged into the railroad association and a building was secured, and the association properly incorporated.

Mr. Esmond retired from the secretaryship, followed by Mr. John Braun, who in turn was succeeded by J. S. Votaw.

The association building as it now stands is worth no less than \$8,000. The annual expenses are \$2,000. The present membership is 250, besides a strong Ladies' Aid Society.

The association presidents since its organization have been: W. H. Mann, E. P. Kent, M. B. Case, E. D. Wheelock, T. Grootveld, W. B. Pratt and B. F. Stephens.

The association provides a homelike place for the young and old men of the city. It maintains the only free reading room and has on its files fifty of the best selected papers and magazines to be had. It also maintains the only emergency hospital in our city.

Through the liberality of the Lake Shore Railroad Company it has the finest bath rooms in our city, consisting of porcelain tubs, shower and spray baths.

The association library has 1,200 volumes, which is a circulating library for members only.

The lyceum has weekly debates and furnishes a good program each Wednesday evening. The present officers are: J. L. Harman, president; Clyde Raymer, secretary.

The gymnasium is an important feature of the work. Ten classes a week are taught.

The religious work consists of a service every Sabbath at 3:30 o'clock.

Each member has the privilege of taking just such part in any department of the work that he likes. The membership fee is five dollars a year, with no initiation fee or assessments, which includes all privileges offered.

The board of directors at present are: A. C. Brown, G. Bailey, A. L. Gotwalt, W. M. George, J. H. Jackson, A. B. Kolb, H. B. Moulton, W. B. Pratt. The officers are: B. F. Stephens, president; E. S. Eby, vice-president; K. E. Funk, treasurer; H. G. Maxon, corresponding secretary; G. L. Daum, general secretary.

The work is for the physical, social, intellectual and spiritual devel-

opment of men. The rooms are always open to visitors and they will be gladly shown around. Any man, without regard to his religious belief, may become a member.

THE CONGREGATIONAL CHURCH.

This church was formally organized April 10, 1863, with eleven members. Four of these charter members, Mrs. Amanda C. Reynolds, Mrs. Mary Clark-Smith and Mr. and Mrs. John W. Ellis are still living and active members.

The church building, at the corner of Fourth and Marion streets, was completed ready for occupancy during the year 1873. In the meantime the handful of worshipers had held services in a vacant room on Main street where the Jaurette block now stands, and also in the Baptist church. It would take a volume to recount the hard work and loving service of these first members.

Among the pastors who have staid and labored any length of time have been: Rev. LeRoy Royce, C. S. Warburton, M. W. Darling, George B. Safford, D. D., and the present incumbent, Rev. F. E. Knoff. The total membership from the foundation of the church to the present time has been about 250. The present active membership is just about one hundred. Numerically one of the smallest congregations in the city; but as a moral and vital factor in the city, one of the first. The Sunday school has one hundred and forty enrolled, with an average attendance of about one hundred and ten. The Y. P. S. C. E. and Young Men's Sunday Evening Club are doing good work in connection with the regular services.

OTHER CHURCHES.

Other churches existing with congregations, of which no historical account appears above, are: The Christian church, English Lutheran church, Grace United Bretheran church, Castle United Bretheren church, Bretheren, Christian Science, Free Chapel, Mennonite and Free Methodist.

JOHNSON'S Riverside Addition.

Johnson's Riverside Real Estate is all right, still remains in great demand, and improvements are steadily going ahead in that addition, notwithstanding the alleged depressed state of affairs said to be complained of by owners of real estate in other portions of the city. Buying, building and occupying residences is on the increase in Johnson's Riverside addition, and there are substantial reasons for it, among which may be mentioned the following:

FIRST—The lots of this addition are the nearest desirable residence lots to the business portion of the city now vacant and obtainable on long time and low prices. Only three minutes' walk from St. Joseph Valley Bank.

SECOND—The prices at which the owner offers these lots to the public are so low, and the terms of payment so easy, and run through such a long period, namely, from five to eight years at low rates of interest, that not only can a man of good habits, fair industry and reasonable economy obtain a home for a trifle more than the rent he usually pays, but the lots will actually double in value before the purchaser is required to pay for them.

THIRD—Being on the west side of the St. Joseph river, they are the healthiest places for homes within the city, and entirely free from all malarial elements elsewhere abounding in the atmosphere. It is a notable fact that in every case of diphteria that has created such dire disaster and ravage among the children of Elkhart and brought sorrow to so many households, has been on the east side of the St. Joseph river and not a case has yet made its appearance among the residents of the west side. This is a fact that should furnish food for thought among parents and those interested in the welfare of the children of our city.

FOURTH—An abundance of magnetic water for domestic use can be had on every lot in this addition and the ordinary well water is also utterly free from impurities arising from the sewerage of other portions of the city and is wholly pure and wholesome; and when you stop to think of this and consider that living on a lot in this addition you can have pure water to drink and for other purposes, sensible men do not hesitate long in concluding that Johnson's Riverside addition is the place for a healthy home and desirable residence. Hence, they buy and build there.

FIFTH—These lots are all on regularly traveled thoroughfares; the city is already extended far out beyond them; people are continually buying and building on the outside of them, and every house erected to the west or north of them thereby adds from ten to fifteen per cent to the

value of a lot in this addition and thus the owner of a lot in Johnson's Riverside gets the benefit of such improvements without additional cost to himself.

SIXTH—Look at the plat of this addition opposite, and you will see that every street runs directly towards the St. Joseph river, and as each street is from ten to twenty feet above the stream, its surface filth will pass down the gutters to the water and run off without expense, while the owner of a lot there can have sewerage at a less cost than anywhere else in Elkhart.

SEVENTH—The St. Joseph river is conceded to be one of the prettiest as well as the purest watered streams in this country, always furnishing to the observer an interesting view, and as it bounds this addition along the east and south sides, and the lots are high and so laid out as to give the builder an east and north, or south and east front, the owner of a home on any lot on any street can sit on his veranda, smoke his cigar and, as he overlooks all Elkhart, with its beautiful residences, elegant streets and splendid manufacturing establishments in his front, enjoy an unobstructed view of the lovely landscape spread out before him presenting, as it does, a picture which only need be seen to be admired and by the appreciative of the beautiful in nature, highly valued, as nowhere else in Elkhart obtainable.

EIGHTH—The magnetic water underlying this addition and which is obtainable for use by every owner of a home on any lot of the addition, is pronounced by competent judges to be the best water for domestic uses found anywhere in this country; and it is a sure cure for kidney troubles, rheumatism, blood diseases, fevers and many other ills to which man is liable, it is believed that the owner of a home in this addition who has the use of the water will have no use for the corner drug store or the medicine man. Our esteemed fellow citizen, Mr. John Cook, says that this magnetic water is invaluable to a family, while others give it as their opinion that its household use is worth at least twenty-five dollars a year to any man. The lover of good health knows that good water is more conducive to produce it and also retain it when possessed by him than medicine and a dozen times easier to take, and hence he buys a lot in Johnson's Riverside addition, takes with it his water instead of his medicine and enjoys the best of health.

NINTH—The owner of a home in Johnson's Riverside addition reaches it from any portion of the city without being compelled to cross the railroad track; and hence, in going to or from it or when any member of his family does so, he is not in mortal dread of losing his life or being permanently maimed or having some one of his family injured, nor is his way to and from it obstructed from three to ten minutes by passing trains—a consideration which the thoughtful man weighs when he purchases a home for himself and family.

TENTH—No one can buy a lot in this addition except on condition that he will build a house on it within a reasonable time. Hence all purchasers of lots are assured that they will have the benefit of improvements arising from all sales of lots by the proprietor whenever made, and this is a consideration which makes these lots worth at least twenty-five per cent. more than they otherwise would be if sold to speculators who would hold for an advance instead of building and improving their purchases.

ELEVENTH—Johnson avenue is already the most popular, and when improved, as it soon will be, will be the handsomest drive in the city; and soon lots on that avenue and fronting the river will come to be regarded by the wealthy seeker after a fine residence place, as first in rank among all the beautiful residence properties of the city. Then you will see builders of homes vieing with each other in display and all striving for a place on Johnson avenue along the noble old St. Joe.; and then on the thirty-two lots on that avenue skirting that beautiful stream will be found the handsomest and most expensive and luxurious

dwellings of Elkhart; and those now buying other lots in this addition will get the benefit of all such improvements when made, and men wanting homes take these considerations in view, buy in Johnson's Riverside addition and make money by so doing.

TWELFTH—These lots are all large enough so that they contain sufficient room for a commodious house, a large lawn in front, an alley-way along the side to reach the rear of the dwelling, a garden spot and barn on the back end which abuts on the alley, and yet does not contain a large amount of land which is of no use to the owner but on which he must pay tax under the new law which assesses quantity as well as quality; and so the purchaser of a lot in Johnson's Riverside addition purchases and pays for just what he wants and needs and no more and saves from ten to twenty per cent. in taxes from what he does when he buys elsewhere and is compelled to take and pay for and be taxed on what he don't want. Do you see the point of having your lots just large enough for the poor man as well as the rich? If the wealthy fellow wants a large space in which to spread himself, let him buy more than one lot, but give the poor man a chance to get a home also. This is what has been looked after in Johnson's Riverside addition, and hence it is justly called "Equality Hill" addition, for it is here that both rich and poor can get homes without buying more land than they want and have their own time to pay for it. Hence these lots sell. Do you see?

WHAT THE SPECULATOR CAN DO.

The speculator can buy a \$300 lot in this addition, build a \$700 house, containing eight rooms, with good well and cistern complete and rent it for \$9 a month, and in ten years clear the whole property and its increased value of \$300, and have the use of the money as it comes in in nine dollar payments besides.

PROOF.

First cost of lot.....	\$ 300.00
Eight room house with well and cistern complete.....	700.00
Amount of taxes at \$8 per year for ten years.....	80.00

Total cost of property.....	\$1,080.00
Rent of house for ten years at \$9 per month.....	\$1,080.00
Increase of value of lot in ten years, at a conservative estimate, by the growth of the city, the building of other residences in that addition and the improvement of Riverside generally.....	300.00

Now this shows that at the end of ten years the landlord will have received back from the renter all the money he paid out and will have the increase in value besides, which no one will put at less than \$300.

So that it results that with an investment of one thousand dollars in this addition by buying a lot and building a house and renting the same for ten years at nine dollars a month, the speculator will have realized

Cash paid as rent.....	\$1,080.00
Will have the lot which cost.....	300.00
And its increased value, which it is fair to say will be.....	300.00
And his house, which will be worth its cost and probably more.	700.00

Total	\$2,380.00
Deducting the amount invested.....	1,000.00

And we see that the speculator, in ten years has made on his investment of one thousand dollars the snug sum of \$1,380.00, which is almost 24 per cent. on his money.

But the question may arise in the mind of the speculator as to his being able to rent such a house for \$9 a month. That he can do so is beyond a doubt, for already there are several houses that did not cost

over six hundred dollars each that are renting for that sum per month calls are had daily for more at the same rate. A dozen houses could be rented for that sum per month now if they were to be had, for our people are beginning to see that it is the healthiest portion of the city as well as the most pleasant locality in which to live and it is the nearest to the business part of the city. Houses and lots for rent there are in greater demand than elsewhere in Elkhart. If you have any money which you desire to invest where it will be safe and bring you the highest rate of interest, the place for you to put it is in Johnson's Riverside addition by buying, building and renting.

IMPORTANT TO RAILROAD MEN.

All other things being equal, the workingman who owns his home is the better citizen, and consequently the most trustworthy employee Railroad officials are quick to discern this fact and generally encourage their employees in the acquirement of homes. This is especially true of the Lake Shore management, and the results prove the wisdom of that enlightened policy. Only one condition is imposed, and that is that the employee who is entitled to be "called" shall purchase property within a reasonable distance of the shops. Fortunate it is that the lots of this addition are from four to seven blocks nearer the office of the railroad caller than are the vacant residence lots of any other addition, and therefore railroad employees can buy lots and build themselves homes in Riverside and not interfere with, but carry out the wise and humane policy of the Lake Shore management. Besides, it is altogether probable that a bridge will be built across the St. Joe on Eighth street before long, and when that is done it will be but a step from the doors of the Company's large shops to Riverside, and those who prior thereto have secured homes there will be strictly "in it;" while those who have failed to avail themselves of the splendid opportunity now offered to obtain a home will be like the virgins whose lamps were destitute of oil and will suffer accordingly. Hence, railroad employees, like other laboring men should purchase homes in Johnson's Riverside addition now instead of waiting until the best bargains are gone.

R. M. JOHNSON.
